INDEPENDENT AUDITOR'S REPORT

To the Board Members of
Iowa Star Schools 28E Retention Pool Trust

We have audited the financial statements of the Iowa Star Schools 28E Retention Pool Trust (a common pool of funds) as of and for the year ended June 30, 2006. These financial statements are the responsibility of the Trust's Board Members. Our responsibility is to express an opinion on financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the administrator, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Iowa Star Schools 28E Retention Pool Trust as of June 30, 2006, and the results of its operations and the cash flows of its business type activities for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated October 31, 2006 on our consideration of the Iowa Star Schools 28E Retention Pool Trust's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Managements Discussion and Analysis on pages 3 through 6 is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion thereon.

The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board Members of
Iowa Star Schools 28E Retention Pool Trust:

We have audited the accompanying financial statements of Iowa Star Schools 28E Retention Pool Trust as of and for the year ended June 30, 2006, which collectively comprise the entity's basic financial statements listed in the table of contents, and have issued our report thereon dated October 31, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Trust's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Trust's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. No reportable conditions were noted.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trust's financial statements are free of material misstatement, we performed test of its compliance with certain laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Members American Institute & Iowa Society of Certified Public Accountants

Comments involving statutory and other legal matters about the Trust's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Trust. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report is intended solely for the use of the Board Members of the Iowa Star Schools 28E Retention Pool Trust and appropriate regulatory agencies. However, this report is a matter of public record and its distribution is not limited.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Iowa Star Schools 28E Retention Pool Trust during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.
